## HOMI

**HOMI** is a new event that opens its doors this month. It's an evolution of the famous international home fair MACEF which has been running for fifty years. This inaugural fair in Italy will focus on rare and beautiful objects for the discerning buyer, and is being held **between 19 and 22 January 2014**.

**You can shop through all kinds of different products for your home: Living Habits, Home Wellness, Fragrances & Personal Care, Fashion & Jewels, Gifts & Events, Garden & Outdoor, kid Style, Home Textiles, Hobby & Work, and Concept Lab.**

**HOMI** is here to tell a story: the story of new ideas combining into an overarching vision in which space, light, colour and emotion transform into concrete proposals for elegance, originality, crafts-inspired wisdom and entrepreneurial creativity. [homimilano.com](http://homimilano.com)
