

THE 87TH INTERNATIONAL CRAFTS FAIR
APRIL 25 . MAY 1, 2023
FORTEZZA DA BASSO, FLORENCE

Since 1931, we have been showcasing the small and large masterpieces that have made the history of Made in Italy and international handicrafts.

A global village of arts and crafts from different cultures, developing into an itinerary between Italian Regions and Countries of the World.

Every year, the first certified international crafts fair in Italy hosts master craftsmen and emerging talents in a magnificent location - the 16th-century Fortezza da Basso, where cultural heritage and innovation give birth to unique creations and experiences, made to last.

The Location

The exhibition is hosted inside the Fortezza da Basso, a Renaissance architecture masterpiece built between 1534 and 1537 by order of Alessandro de' Medici. One of the most iconic monuments of Tuscany and of Italy in the world. Located in the heart of the city centre of Florence, only a 5-minute walk from the main railway station, it is well connected by public transport - bus and tramway - and in a perfect logistic position, with accommodation and car park available.

Give Space to Your Business

A showcase of excellence, a unique opportunity for quality artisans, creators, and entrepreneurs. Every year, MIDA, the Florence International Crafts Fair, welcomes artisans and craft businesses of all backgrounds and sizes inside the premises of the Fortezza da Basso, from Italy and from abroad. The purpose is to trace the current constellation of handicrafts and its future prospects.

Made in MIDA

Towards the Excellence of Handicrafts

Following the success of the 2022 edition, once again Firenze Fiera is launching a call to select 6 designers in co-operation with the Florence Municipality, Fondazione Architetti Firenze (Florence Architects Foundation), Fondazione Giovanni Michelucci, and the Architecture Department of the University of Florence, with the support of the Scientific Committee of the Fair. The 6 selected designers will be paired with as many Italian artisan companies, and together they will create 6 exclusive and iconic objects bearing the brand 'Made in MIDA', that will be showcased within a special space during the Fair.
